

ENVIRONMENTAL POLICY

MUHORONI SUGAR COMPANY LIMITED is committed to preventing pollution of the environment in the course of carrying out production of sugarcane, manufacture of sugar and distribution of the products – through minimizing usage of Paper, Water, Fuel and Electricity as well as recycling and re-using generated wastes where applicable.

In fulfilling this commitment, the company shall strive to comply with applicable Legal and other requirements.

This organisation further undertakes to continually improve the Environmental Management System through regular review of the environmental Objectives and Targets, and shall communicate this commitment to all employees, clients and partners.
